FOURTEEN KILLED IN TEXAS TORNADO

Northen Portion of State Visited By Destructive Storm.

FULL REPORTS NOT OBTAINABLE

While the Larger Towns Escaped the Violence of the Storm, the Country Residences Suffered Great Damage. List of Dead.

Fort Worth, Tex., July 7.—The latest reports to the Telegram from Montague county which was partially swept by a tornado yesterday afternoon, give the number of dead at 35. The tornado started 4 miles west of Nocona and moved in a southeasterly direction through a thickly settled farming community. The distance traversed was about 15 miles. The only town directly inthe path of the storm was Montague, in which the Methodist church was completely destroyed. The Catholic and Christian churches and the courthouse were also damaged. No one was killed or injured in Montague. Heavy rain and hail accompanied the storm.

Dallas, Tex., July 7.—Today's advices from Montague county, in the northern part of the state indicate that the tornado which swept over that section late yesterday afternoon was one of the most destructive storms that has ever visited this section.

Lightning Struck Powder Magazine.

Atlanta, July 7.—Lightning struck a powder and dynamite magazine located on the river line just beyond Hollywood cemetery and caused the explosion of the magazine with the result that three houses were almost totally demolished and a half dozen people were seriously, though not fatally injured. The explosion of the magazine, which was owned by E. A. Hudson, a contractor, came like a clap of thunder and only a huge hole in the ground remains where the magazine stood. Two hundred cans of powder and five cases of dynamite exploded when the lightning struck the magazine.

FLOOD IN BALTIMORE STREETS.

Cloudburst Causes Stream to Overflow No Lives Reported Lost.

Baltimore, July 7.—The flood last night which was caused by the overflow of Jones' Falls, a stream which runs through the central part of Baltimore and which resulted from a cloud burst at Timonium, in Baltimore county has completely subsided, the water in the falls having fallen almost as quickly as it rose.

In the city no lives were lost and the damage will be confined to the streets in the vicinity of the falls.

There are many machine shops in the vicinity, the contents of which have been damaged, but there was no very heavy single loss and the total loss is roughly estimated at $50,000. On the surface the flood left a layer of mud from 6 to 12 inches deep which is being rapidly removed by the street cleaning department. Hundreds of cellars were left in the same condition.

In the country north of the Baltimore the country people were panic-stricken for several hours and many fled for their lives. The suburban towns of Mount Washington, Lutherville, Cocherville, Melvale and other points, were hemmed in until an early hour this morning. The intervening farm lands were inundated, crops were swept away and small buildings all along the falls from Mt. Washington to the Pennsylvania railroad bridge.

Scores of small farmers were compelled to abandon their houses and flee for their lives in some instances their homes and cattle and wagons being carried away in the flood.

British Flag is Lowered.

Rochester, N. Y., July 7.—A protest has been filed with the Canadian minister of marine by Captain Simmons, of the Canadian schooner Accacia, because the port collector Duane Bump, compelled him to lower the British flag on his vessel in the harbor at Charlotte on July 4. Collector Bump was informed that the Accacia had floated a large union jack on the morning of the Fourth and ordered Captain Simons to haul it down saying it was an insult to the national holiday. Simmons refused and threatened to shoot the collector if he boarded his vessel. Finally Simons lowered the flag when threatened with refusal of his clearance papers.

H. P. Kumpe, druggist, Leighton, Ala., writes: "One of my customers had a child which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson.

To Bridge Straits of Karquinez.

San Francisco, July 7.—As the result of a visit made yesterday by Secretary Taft to the Benecia, the straits of Karquinez, probably will be bridged by the Southern Pacific. Secretary Taft announced his approval of the project. He said: "The volume of transportation business has grown to such an extent that the bridging of the straits is imperative. The only problem is to erect a bridge that will be substantial enough to stand the traffic which may be put on and at the same time not interfere with navigation of the rivers. I am certain that such a bridge can be constructed."

Baseball Players and Foot Racers!

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Chicago's Number of Casualties.

Chicago, July 7.—The total figures of the Fourth of July casualties received up to 2:30 a. m., according to the Tribune's correspondent, are larger than at the same hour last year. The totals amount to 59 killed and the injured 3,169. Last year at the same hour deaths were 52 and the injured 3,049.

Weak Stomach.

A weak stomach is most frequently caused by the overworked and exhausted nervous system.

The power that runs the stomach is the nerve force sent to it from the brain through the nerves. When the nerves are weak or exhausted the supply of energy is insufficient and the action of the stomach is impaired, and results in imperfect digestion—dyspepsia.

Dr. Miles' Restorative Nervine increases nerve force. It strengthens and builds up nerve tissue, gives vigor to the nerves and muscles of the stomach; this produces a healthy activity.

Nervine allays the inflammation, heals the membranes, and makes the stomach strong and healthy. There is nothing that so quickly gives energy to the whole system as Restorative Nervine.

"I can't say enough for Dr. Miles' Nervine. I don't know what it will do for others, but it certainly cured me of stomach trouble, and now I am as well as I ever was. Two physicians failed to relieve me, but in three or four days after taking Nervine I was much relieved. Four bottles made me a sound man, at the cost of $4.00."
JAMES E. HART, Detroit, Mich.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

GAINESVILLLE CELEBRATES HER VICTORY

(Continued from First Page).

was master of the situation when it was announced that members of the committee would arrive home via the Gainesville and Gulf Friday morning, and immediately the citizens began decorating with the University colors, orange and black. Handsome carriages, bicycles and vehicles of all kinds were literally covered, and several large United States flags were brought into sevice. Several hundred people, some in carriages, some on wheels and others afoot, assembled at the station and gave those of the committee who returned via this route a rousing reception. The crowd formed in procession and marched through the city, there being not less than half a hundred vedicles. The line of march was east on Liberty street to the court house square, around the square, then north on West Main to Mechanic, thence east to East Main, thence north on East Main to the girls' dormitory and the barracks, where the cannon was being fired. The church bells rang, and the whistles from the various mills and factories saluted the procession as it passed.

From the dormitory the crowd returned to the band stand, where they were favored with a few remarks by Perry M. Colson, a member of the committee. During his talk Mr. Colson was frequently interrupted by enthusiastic cheers. He paid a glowing tribute to Hon. W. R. Thomas, whom he declared to be the most loyal, earnest and faithful worker he had ever seen. "Our worthy mayor has worked hard," he declared, "and to his efforts more than to those of any other person is due this honor and this victory." Three healthy cheers for the mayor followed this assertion.

At the conclusion of Mr. Colson's remarks the assembly was dismissed with prayer by Rev. T. J. Nixon.

A few of the committee arrived at noon over the Seaboard, while the remainder, including Mayor Thomas, will arrive by the Gainesville & Gulf today.

The gentlemen who so successfully managed this campaign are as follows: W. R. Thomas, T. F. Thomas, P. M. Colson, W. W. Hampton, B. F. Hampton, W. B. Taylor, L. C. Lynch, Geo. M. Lynch, J. B. Dell, J. M. Dell, A. M. Cushman, Marcus Endel, Dr. J. F. McKinstry, Jr., Dr. J. Harrison Hodges, W. S. Broome, W. N. Wilson, S. H. Wienges and J. D. Stringfellow. A number of others have visited various sections of the State from time to time in the interests of the University, and the result of their labors has been proven. The people of Gainesville, regardless of petty differences, if any exist, were as a unit on the University matter, and on all matters pertaining to education they may be relied upon as one.

Reception This Evening.

The citizens will tender the committee a reception at the girls' dormitory, East Main street N., this evening, to which all are invited. Just one week ago—last Saturday evening, a reception was tendered the members of the State Educational Board and the Board of Control at the Dormitory.

Making an Old Pen as Good as New.

"My pen is spoiled, and I have no office," said the bookkeeper.

The machinest happened to be in the office, and he took the pen and held it over the gas jet for thirty seconds. "You can make an old pen as good as new," he said, "by holding it over a flame like this for half a minute and afterward dipping it in cold water." He dipped the hot pen in cold water as he spoke, and it sizzled slightly. "Now try it," he said.

The bookkeeper tried the pen and exclaimed joyously, "By George, it's as good as new again."

Two Expressive Quotations.

Some sentences are like autographs; you feel that they must have been written by these people; no one else could have written them.

Such is this, by Talleyrand: "To succeed in the world it is much more necessary to possess the penetration to discover who is a fool than to discover who is a clever man."

And Napoleon's character is drawn full length in this sententious remark of his: "I command or I am silent."

Love of Gain.

To cure us of our immoderate love of gain we should seriously consider how many goods there are that money will not purchase, and these the best, and how many evils there are that money will not remedy, and these the worst.—Colton.

Wishes He Was.

Mrs. Peck (contemptuously)—What are you anyhow, a man or a mouse? Henry Peck (bitterly)—A man, my dear. If I were a mouse I'd have you up on that table yelling for help right now!—Exchange.

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at all drug stores; price 50c.

RUSSIAN SITUATION GROWING SERIOUS

Rebellion Against Czar's Government Has Begun.

MANIFESTO HAS BEEN ISSUED

Authorities at St. Petersburg Seem Utterly Incapable of Handling Situation—Battleship Kniaz Potemkine at Port of Theodozia, Crimea.

St. Petersburg, July 7.—Inquiry at the admiralty this morning failed to confirm the report current last night that the Kniaz Potemkine had already left Theodosia. Admiral Wierenius, chief of the naval staff, informed the Associated Press that according to the latest advices the vessel was still at Theodosia.

"What will be done?" asked the correspondent.

"We cannot tell you," was the reply. "The whole affair is in the hands of Admiral Chouknin, and he has not communicated his plans to us. Admiral Kruger's ships were due to leave Odessa yesterday afternoon. They should now be arriving at Sebastopol."

"Do you think that on their arrival Vice Admiral Chouknin will dispatch the squadron to try to capture the Kniaz Potemkine?"

"We don't know what he will ddo. In my opinion the promptest solution would be to send a torpedo boat to sink her and I have advocated that course. The situation is grave. The ship is not in the hands of her crew, but in the hands of a revolutionary committee who went on board at Odessa. They issued a high sounding manifesto to the powers. They wanted to be considered insurgents. I presume their next step will be to ask for recognition as belligerents. They know their heads are forfeited and will stop at nothing. In the eyes of the law, they are outlaws and pirates. The first thing necessary is to make an example of the crew and restore discipline in the Black Sea fleet."

Admiral Wierenius said there was no truth in the report from Vienna that 400 Russian sailors had destroyed a cruiser and sought refuge on board a British steamer for Constantinople. No Russian cruiser, the admiral said, has been destroyed so far as he knew.

Inhabitants Leaving Theodosia.

Theodosia, Crimea, July 7.—The inhabitants are leaving the town in compliance with the orders of the authorities who fear that the mutineers of the Kniaz Potemkine will carry out their threat to open fire on Theodosia this evening. Only troops and officials remain here.

Strikers Granted Demands.

Cronstadt, July 7.—The dock laborers strike here has been settled, the commercial transport companies reducing the hours of work to nine hours per day and increasing their wages 10 per cent.

The president stepped into the cab with Mrs. Roosevelt and drove directly to Sagamore Hill. The president has as his guest at breakfast former Secretary Elihu Root, fromer secretary of the Navy Paul Morton, Attorney General Moody and Secretary Wilson.

Attorney General Moody will go to Marseilles to spend his vacation. He will be absent from Washington until about the first week in September.

The trip of the president and his immediate party from Jersey city to Long Island city was made on the Pennsylvania railroad tug Lancaster. On the trip around Manhattan the president and Secretary Loeb were engaged in disposing of a mass of official correspondence. A crowd of several hundred people had assembled at the Long Island station and extended to the president a very cordial greeting.

Actress Accused of Theft.

London, July 7.—Annie Grant, of Chicago, claiming to be an actress, was committed today at the police court to stand trial at the Old Bailey on the charge of stealing a pearl necklace worth $10,000 from Christie's auction rooms. The woman, whose real name is thought to be Annie Gleeson, according to the prosecuting council, visited Christie's, inspected the necklace and secured a duplicate of imitation pearls which, on a second visit, she substituted for the genuine while the attendant's back was turned. The prisoner obtained a continental passport at the American embassy six months ago in the name of Anna Grant, of Chicago.

Will Try to Break Record.

New York, July 7.—At 2 a. m. C. G. Ridgway, former holder of the 1,000 mile record, left here in his 24-horse power auto in an attempt to make a new non-stop record between this city and Cleveland, O. Ridgway in this same car recently covered 1,000 miles at the Brighton Beach track in 25 hours, 50 minutes, which stood as a record until Guy Vaughan's record-breaking flight at the Empire City track ten days ago.

Locked Playmate in Box Car.

Detroit, Mich., July 7.—Percy Deneau, a young lad living at 46 Bruce avenue is supposed to be locked in a freight car which left Detroit today, the destination of which is not known. The door was locked in fun by playmates when the Deneau boy had climbed inside. When the car was taken out of the yards they became frightened and told what they had done. They were unable to give any adequate description of the car and the parents of the lad are frantic with anxiety.

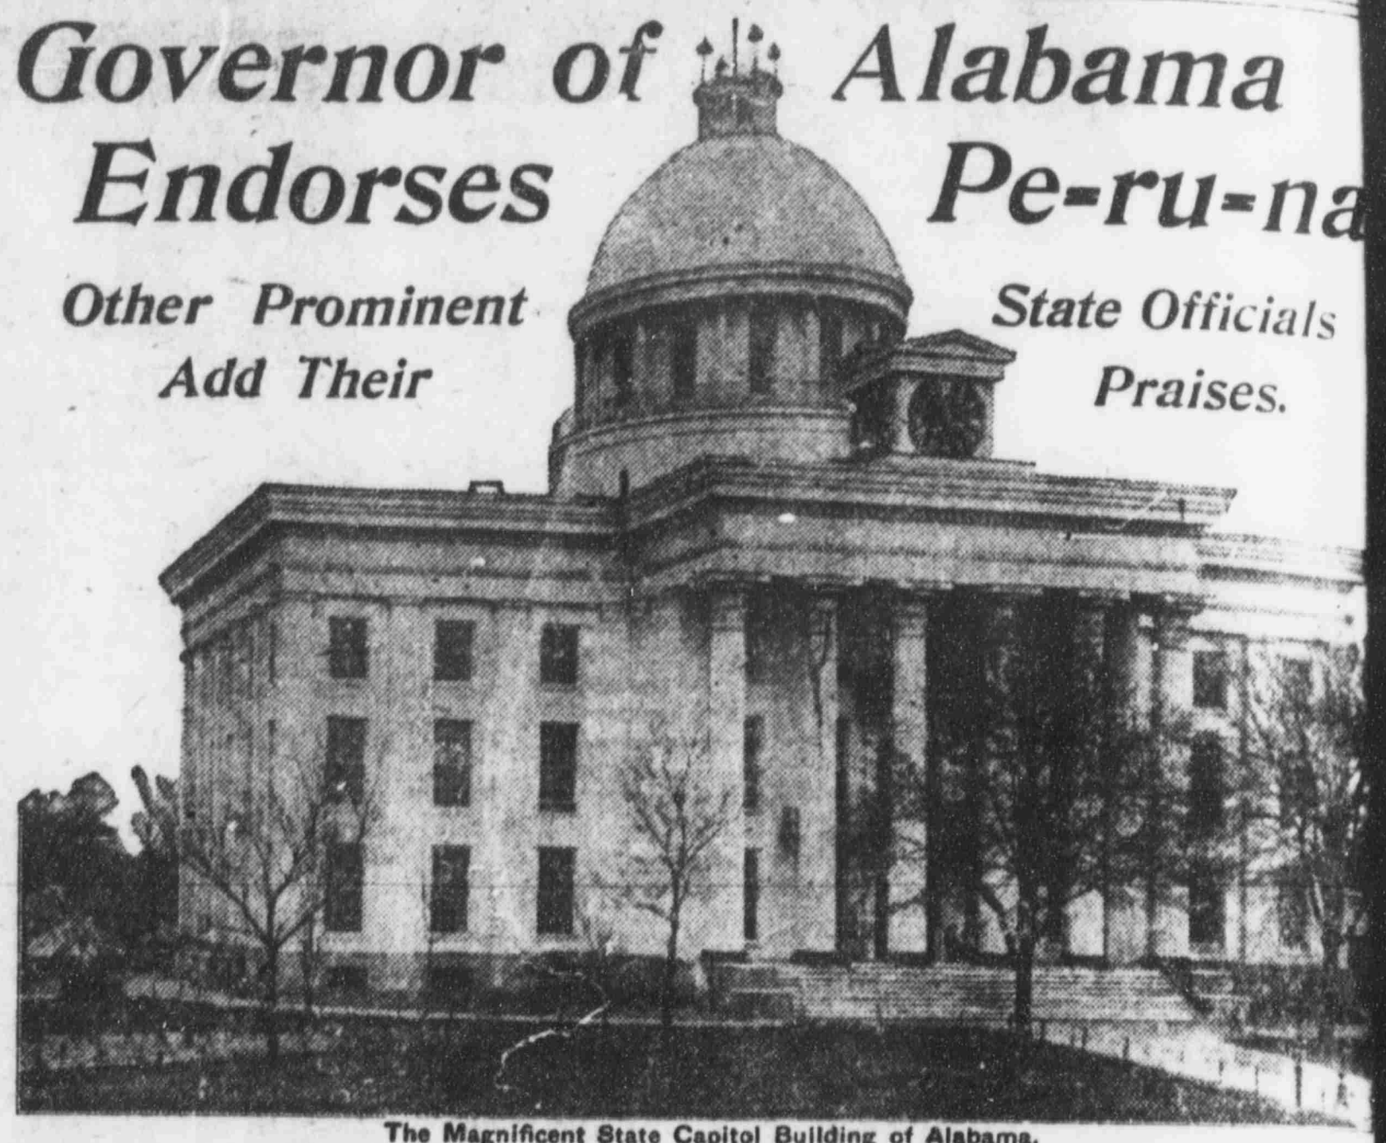
Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." For sale by [illegible]

Governor of Alabama Endorses Pe-ru-na

Other Prominent State Officials Add Their Praises.



The Magnificent State Capitol Building of Alabama.

Governor of Alabama Commends Pe-ru-na.

In a letter dated July 26, 1899, written from Montgomery, Ala., Governor Joseph J. Johnston, says:

"I join Congressman Brewer in commending Peruna."--Joseph J. Johnston.

ONE of the most wonderful events in the history of medicine is the multitude of endorsements which Peruna is receiving as a catarrh cure from men of national importance.

The most distinguished men of the United States have no hesitation in lending their influence to assist in letting the public know of the merits of Peruna.

Nearly one-half the people are in some way affected by catarrh. Therefore it is almost a national curse, and it is of national import that the people should know of Peruna.

Catarrh is an American disease. Peruna is an American remedy.

Catarrh is a result of changeable climate. Peruna is a result of long and careful experimentation.

Catarrh enters the system through the nerve centers and affects the mucous membranes. Peruna enables the nerve centers to repel and expel the catarrh from the system.

Catarrh is a systemic disease and curable only by systemic treatment.

The remedy that cures catarrh must aim directly at the depressed nerve centers. This is what Peruna does.

Redeemer of Public Moneys.

Hon. John C. Leftwich, Redeemer of Public Moneys, whose office is in the Postoffice Building, in a letter written from Montgomery, Ala., says:

"I take pleasure in recommending Peruna as an excellent tonic, and it is recommended to me by those who have used it as a good catarrh cure."—John C. Leftwich.

Register United States Land Office.

Hon. Robert Barber, Register United States Land Office, writes from Montgomery, Ala.:

"For some time I have been a sufferer from catarrh in its incipient stage, so much so that I became depressed and feared my health was generally in a decline. But hearing of Peruna as a good remedy I gave it a fair trial and began to improve. Its effects were distinctly beneficial, removing the annoying symptoms, and it was particularly good as a tonic."—Robert Barber.

Collector of Port.

Hon. J. K. Burke, Collector of Port, Mobile, Ala., writes:

"Peruna I can recommend as a fine medicine. It has been used in my family and as a tonic it is excellent. I take pleasure in testifying to its fine qualities."—J. K. Burke.

Postmaster of Mobile.

Hon. P. D. Barker, Postmaster of Mobile, in a recent letter from Mobile, Ala., says:

"Allow me to send to you my testimonial as to the good qualities of Peruna. I have used it for the past three months and find it is a most excellent tonic."—P. D. Barker.

U. S. Marshal, Northern District.

Hon. Dan Cooper, U. S. Marshal for the Northern District of Alabama writes:

"Your remedy for catarrh and la grippe, Peruna, has done me so much good that I cannot speak too highly of it.

"I have used it for a short time and have improved rapidly from the first day. I was really much surprised at such a quick and effective cure."—Dan Cooper.

U. S. Marshal, Southern District.

Hon. L. J. Bryan, U. S. Marshal for the Southern District of Alabama, writes:

"I have used Peruna for catarrh a short time and have also had several friends try it and they all pronounce it the best catarrh remedy ever put on the market. It can not be praised too highly."—L. J. Bryan.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio, and he will give you the benefit of his valuable advice gratis. All correspondence strictly confidential.

Wreck Cost $771,000.

Chicago, July 7.—The wreck of the Twentieth Century limited on the Lake Shore cost $771,000. This is the estimate made following the disbursement by two life insurance companies of $266,000 to heirs of the dead. Of this sum $100,000 was paid on life policies and $166,000 was paid on accident policies. There remains yet to be paid by life insurance companies for deaths in this wreck $150,000. How much the railway company affected by the wreck must pay is something of a question, but the figures among local companies show that $95,000 will be paid for 19 deaths without litigation.

Flames in Wheat Field.

Lodi, Cal., July 7.—Fire has destroyed 400 acres of wheat and oats 6 miles west of here. It started from a hot box on a harvester. The fire burned a strip half a mile wide and two and a half miles long. One man, William Treadyway, lost 200 acres, together with fences, and his loss will be $4,000. Fortunately for the ranchers, the wind blew in one direction. In one field of 280 acres the fire fighters succeeded in saving all but 80 acres.

TO KILL THE DANDRUFF GERM.

In the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect."

We have a "Thomas" that makes the fur fly.

The orange and black came out triumphant.

The yellow and black still wave in the good old town.

The frequent rains are giving some farmers the hay fever.

The new vagrancy law does not affect the people of Gainesville.

Ask anybody and they will tell you where Gainesville is located.

The past should be an injunction to not grow weary in well doing.

Yes, we have always maintained that Gainesville is one of the best towns in Florida.

"With malice toward none and charity for all" has always been the motto of the people of Gainesville.

What everybody says must be so. It seems that nearly everybody is of the opinion that Gainesville is all right.

The man who is ashamed to own that he lives in Gainesville—if there is such an one—is living on the charity of his friends.

And after all is said and done, we rise to remark that the Gainesville Graded and High School is one of the best in the State.

Yes, we claim to be all right morally, all right religiously, and if the past record is maintained we will be all right educationally.

No doubt some members of the State Senate now regret that they did not vote for the amendment eliminating East Florida Seminary from the operation of the Buckman bill.

Give us the old-fashioned heirship in preference to the Knabenshue kind that has been launched at Toledo. There is apparent not so much chance to receive an ignominious fall.

The placing of Gainesville on the through line of the A. C. L. between Jacksonville and St. Petersburg will be appreciated by winter visitors, as well as all others who come to this city.

With the Legislature in session and the baseball team in fourth place, Atlanta papers ought to have some big ads for the proprietary medicines that are calculated to relieve suffering humanity.

The Banner of Liberty, published at Jasper, is always up to date. It is published on Thursday of each week, and a copy of this week's paper came to the postoffice in this city addressed "University of Florida, care of E. F. S."

We doff our chapeau to the Rev. W. J. Carpenter and Mr. Robert McNamee of Tampa, also Mr. J. H. Jones of Orlando. You have done nobly and the people of Gainesville will ever strive to maintain your good opinion.

GAINESVILLE'S RESPONSIBILITY.

Gainesville has been selected as the site for the new University of Florida, and will continue to be, as she has been for fifty years, the educational center of the State. The glad news was received in this city by wire from Tallahassee and business was practically suspended throughout the day, so great was the joy and gratitude of the people. This culmination is a great surprise to those people in Florida who thought politics was to play an important part in the selection of the site, and they are enabled to see, now that their Governor, Napoleon B. Broward, has redeemed his oft-repeated promises of fair play and listened to the voice of the people, that Gainesville was almost unanimously the choice of the masses. With one or two exceptions every newspaper in the State that expressed itself on the question endorsed this city, the State Convention of Boards of County Commissioners, the State Good Roads Association, many county boards of education endorsed her, and thousands of letters and telegrams poured in upon the Governor and other members of the Board, from all parts of the State, urging them to put the University at Gainesville. The task of selection was thus rendered easy, for if Gainesville had not been selected they would have run counter to the expressed wishes of a great majority of the people they were chosen to serve.

Gainesville's responsibility in this matter is tremendous. She is now the chosen guardian and instructor of the sons of Florida. The people, with magnificent expressions of confidence, have chosen her to guard the morals of their sons, train their minds and equip them for the great life struggle which confronts us all. Her impress, the stamp of her character, and the controlling motives of her people, will be upon them all. None can escape it. Every citizen of Gainesville, no matter how humble, must share in this responsibility before the Great Father, who, in His wisdom, permitted us to assume it, for He is a factor in the development of the character of the community.

Does Gainesville realize how sacred is the trust reposed in her by the people of Florida, and will she be faithful to it? Let the past be witness that she does and will, and on behalf of the municipality of Gainesville we make this pledge to the people of Florida: That the welfare of the University entrusted to our keeping shall ever be our first concern; that we will guard most zealously the morals of their sons; that their local environment shall be as perfect as weak man can make it; that the social atmosphere they move in shall be clean and wholesome, and that no local condition shall ever be tolerated that would bring discredit upon the institution, or put obstacles in the way of its success.

The Russian government is anxious for peace with Japan, and if all signs do not fail she had better begin to make peace with her own army and navy. There is no denying the fact that the people are thoroughly aroused at Russia's rotten system of government, and if they succeed in gaining the slightest foothold an insurrection of no ordinary dimensions may be expected.

GAINESVILLE WINS.

The Board of Control has, according to the views of upwards of three-fourths of the population of the state of Florida, acted wisely in locating the State University in Gainesville. It has complied with their wishes, and The Sun pledges that honorable body that not a member will ever regret the action taken.

When the East Florida Seminary, the pride of every citizen of Gainesville, was abolished, the people felt the loss keenly, and it was decided that if there was such a thing possible, we would get the State University located in our city. There had to be a leader and he was found in Mayor W. R. Thomas, who took command and labored incessantly from the start until the close of the contest. Mr. Perry M. Cason has also labored with his usual zeal and there are many others who did everything in their power to aid by fair means in securing the University for our city. There is not one reputable citizen of Gainesville but what did his best.

The contest was very warm at some stages, but the press of the State, as well as the people, came to the aid of Gainesville, and her past record did much to win the day. The example of her people in the past, her attitude toward the dear old East Florida Seminary and educational matters in general, had won the admiration of the good people of the State, and wherever local conditions did not make them feel it their duty to be otherwise, they were for Gainesville.

Now, that the matter has been decided, it should be the duty of every citizen to do all in his power to advance the interests of the new school in every way, and show that the past record can be maintained by the entire citizenship of one of the best towns in the State of Florida.

With our excellent public school and the University of the great State of Florida located in our midst, there will be united action on the part of every citizen to make them better each year, until we shall stand before the people of this land of ours as the Athens of Florida.

The Florida University will have an opportunity to expand on the broad acres generously bestowed by the city of Gainesville. It will be under the fostering care of a people that take pride in being law-abiding; a people who never pull in opposite directions to build up public institutions. There is no discord here in any of the public enterprises, and when the years roll by and our University stands among the leading institutions for higher education, the people of the entire State will bless the day that the Honorable Board of Control voted to place it in our midst.

Potato planters are cautioned to go slow next season in planting, as the low prices received this year have led many to believe that the crop is not always a sure one for fair prices. One of the main troubles with the market this year was the large supply of old potatoes stored in the North last spring. In some towns in Michigan they were delivered f. o. b. at ten cents a bushel, and there are many people who prefer the old ones instead of new, which are often put on the market before they are sufficiently ripened to be considered healthy.

The reason Admiral Kruger did not attack the mutineers was that he wasn't sure but he might accidentally hit the Kniaz Potemkine.

Gainesville will have an opportunity to show that she is still an educational center.

RUSSIAN SITUATION GROWING SERIOUS

Rebellion Against Czar's Government Has Begun.

MANIFESTO HAS BEEN ISSUED

Authorities at St. Petersburg Seem Utterly Incapable of Handling Situation—Battleship Kniaz Potemkine at Port of Theodozia, Crimea.

St. Petersburg, July 7.—Inquiry at the admiralty this morning failed to confirm the report current last night that the Kniaz Potemkine had already left Theodosia. Admiral Wierenius, chief of the naval staff, informed the Associated Press that according to the latest advices the vessel was still at Theodosia.

"What will be done?" asked the correspondent.

"We cannot tell you," was the reply. "The whole affair is in the hands of Admiral Chouknin, and he has not communicated his plans to us. Admiral Kruger's ships were due to leave Odessa yesterday afternoon. They should now be arriving at Sebastopol."

"Do you think that on their arrival Vice Admiral Chouknin will dispatch the squadron to try to capture the Kniaz Potemkine?"

"We don't know what he will ddo. In my opinion the promptest solution would be to send a torpedo boat to sink her and I have advocated that course. The situation is grave. The ship is not in the hands of her crew, but in the hands of a revolutionary committee who went on board at Odessa. They issued a high sounding manifesto to the powers. They wanted to be considered insurgents. I presume their next step will be to ask for recognition as belligerents. They know their heads are forfeited and will stop at nothing. In the eyes of the law, they are outlaws and pirates. The first thing necessary is to make an example of the crew and restore discipline in the Black Sea fleet."

Admiral Wierenius said there was no truth in the report from Vienna that 400 Russian sailors had destroyed a cruiser and sought refuge on board a British steamer for Constantinople. No Russian cruiser, the admiral said, has been destroyed so far as he knew.

Inhabitants Leaving Theodosia.

Theodosia, Crimea, July 7.—The inhabitants are leaving the town in compliance with the orders of the authorities who fear that the mutineers of the Kniaz Potemkine will carry out their threat to open fire on Theodosia this evening. Only troops and officials remain here.

Strikers Granted Demands.

Cronstadt, July 7.—The dock laborers strike here has been settled, the commercial transport companies reducing the hours of work to nine hours per day and increasing their wages 10 per cent.

PRESIDENT AT OYSTER BAY.

With His Party, Just Returned from Secretary Hay's Funeral.

Oyster Bay, July 7.—The president and his immediate party reached Oyster Bay on their return trip from Cleveland at 10:48 a. m. seven minutes ahead of time. The president's carriage which was to have met the president was at the station. When the carriage had gone about a hundred yards from the station they met Mrs. Roosevelt in an open cab. The president stepped into the cab with Mrs. Roosevelt and drove directly to Sagamore Hill. The president has as his guest at breakfast former Secretary Elihu Root, fromer secretary of the Navy Paul Morton, Attorney General Moody and Secretary Wilson.

Attorney General Moody will go to Marseilles to spend his vacation. He will be absent from Washington until about the first week in September.

The trip of the president and his immediate party from Jersey city to Long Island city was made on the Pennsylvania railroad tug Lancaster. On the trip around Manhattan the president and Secretary Loeb were engaged in disposing of a mass of official correspondence. A crowd of several hundred people had assembled at the Long Island station and extended to the president a very cordial greeting.

Actress Accused of Theft.

London, July 7.—Annie Grant, of Chicago, claiming to be an actress, was committed today at the police court to stand trial at the Old Bailey on the charge of stealing a pearl necklace worth $10,000 from Christie's auction rooms. The woman, whose real name is thought to be Annie Gleeson, according to the prosecuting council, visited Christie's, inspected the necklace and secured a duplicate of imitation pearls which, on a second visit, she substituted for the genuine while the attendant's back was turned. The prisoner obtained a continental passport at the American embassy six months ago in the name of Anna Grant, of Chicago.

Will Try to Break Record.

New York, July 7.—At 2 a. m. C. G. Ridgway, former holder of the 1,000 mile record, left here in his 24-horse power auto in an attempt to make a new non-stop record between this city and Cleveland, O. Ridgway in this same car recently covered 1,000 miles at the Brighton Beach track in 25 hours, 50 minutes, which stood as a record until Guy Vaughan's record-breaking flight at the Empire City track ten days ago.

Locked Playmate in Box Car.

Detroit, Mich., July 7.—Percy Deneau, a young lad living at 46 Bruce avenue is supposed to be locked in a freight car which left Detroit today, the destination of which is not known. The door was locked in fun by playmates when the Deneau boy had climbed inside. When the car was taken out of the yards they became frightened and told what they had done. They were unable to give any adequate description of the car and the parents of the lad are frantic with anxiety.

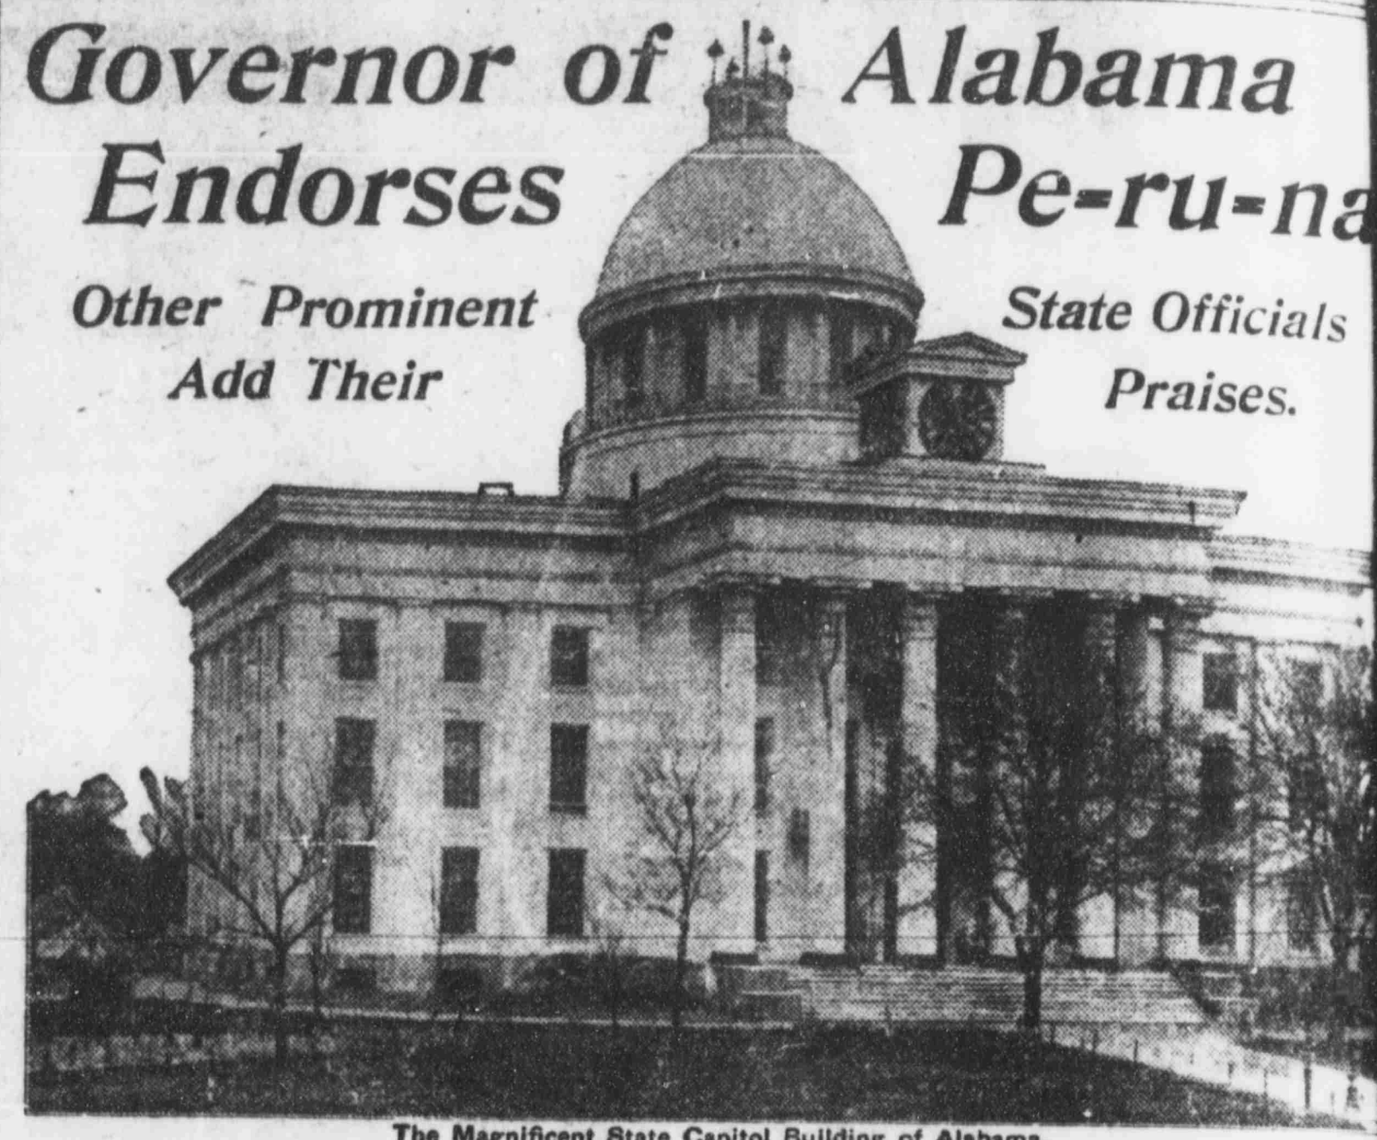
Governor of Alabama Endorses Pe-ru-na

Other Prominent State Officials Add Their Praises.



The Magnificent State Capitol Building of Alabama.

ONE of the most wonderful events in the history of medicine is the multitude of endorsements which Peruna is receiving as a catarrh cure from men of national importance.

The most distinguished men of the United States have no hesitation in lending their influence to assist in letting the public know of the merits of Peruna.

Nearly one-half the people are in some way affected by catarrh. Therefore it is almost a national curse, and it is of national import that the people should know of Peruna.

Catarrh is an American disease. Peruna is an American remedy.

Catarrh is a result of changeable climate. Peruna is a result of long and careful experimentation.

Catarrh enters the system through the nerve centers and affects the mucous membranes. Peruna enables the nerve centers to repel and expel the catarrh from the system.

Catarrh is a systemic disease and curable only by systemic treatment.

The remedy that cures catarrh must aim directly at the depressed nerve centers. This is what Peruna does.

Governor of Alabama Commends Pe-ru-na.

In a letter dated July 21, 1899, written from Montgomery, Ala., Governor Joseph J. Johnston, says:

"I join Congressman Brewer in commending Peruna."—Joseph J. Johnston.

Redeemer of Public Moneys.

Hon. John C. Leftwich, Redeemer of Public Moneys, whose office is in the Postoffice Building, in a letter written from Montgomery, Ala., says:

"I take pleasure in recommending Peruna as an excellent tonic, and it is recommended to me by those who have used it as a good catarrh cure."—John C. Leftwich.

Register United States Land Office.

Hon. Robert Barber, Register United States Land Office, writes from Montgomery, Ala.:

"For some time I have been a sufferer from catarrh in its incipient stage, so much so that I became depressed and feared my health was generally in a decline. But hearing of Peruna as a good remedy I gave it a fair trial and began to improve. Its effects were distinctly beneficial, removing the annoying symptoms, and it was particularly good as a tonic."—Robert Barber.

Collector of Port.

Hon. J. K. Burke, Collector of Port, Mobile, Ala., writes:

"Peruna I can recommend as a fine medicine. It has been used in my family and as a tonic it is excellent. I take pleasure in testifying to its fine qualities."—J. K. Burke.

Postmaster of Mobile.

Hon. P. D. Barker, Postmaster of Mobile, in a recent letter from Mobile, Ala., says:

"Allow me to send to you my testimonial as to the good qualities of Peruna. I have used it for the past three months and find it is a most excellent tonic."—P. D. Barker.

U. S. Marshal, Northern District.

Hon. Dan Cooper, U. S. Marshal for the Northern District of Alabama writes:

"Your remedy for catarrh and la grippe, Peruna, has done me so much good that I cannot speak too highly of it.

"I have used it for a short time and have improved rapidly from the first day. I was really much surprised at such a quick and effective cure."—Dan Cooper.

U. S. Marshal, Southern District.

Hon. L. J. Bryan, U. S. Marshal for the Southern District of Alabama writes:

"I have used Peruna for catarrh a short time and have also had several friends try it and they all pronounce it the best catarrh remedy ever put on the market. It can not be praised too highly."—L. J. Bryan.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio, and he will give you the benefit of his valuable advice gratis. All correspondence strictly confidential.

Wreck Cost $771,000.

Chicago, July 7.—The wreck of the Twentieth Century limited on the Lake Shore cost $771,000. This is the estimate made following the disbursement by two life insurance companies of $266,000 to heirs of the dead. Of this sum $100,000 was paid on life policies and $166,000 was paid on accident policies. There remains yet to be paid by life insurance companies for deaths in this wreck $150,000. How much the railway company affected by the wreck must pay is something of a question, but the figures among local companies show that $95,000 will be paid for 19 deaths without litigation.

Flames in Wheat Field.

Lodi, Cal., July 7.—Fire has destroyed 400 acres of wheat and oats 6 miles west of here. It started from a hot box on a harvester. The fire burned a strip half a mile wide and two and a half miles long. One man, William Treadyway, lost 200 acres together with fences, and his loss will be $4,000. Fortunately for the ranchers, the wind blew in one direction. In one field of 280 acres the fire fighters succeeded in saving all but 80 acres.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of people [illegible] that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that [illegible] cure of dandruff and its results, falling and baldness, must be killing the germ. We have a "Thomas" that makes the fur fly.

The orange and black came out triumphant.

The yellow and black still wave in the good old town.

The frequent rains are giving some farmers the hay fever.

The new vagrancy law does not affect the people of Gainesville.

Ask anybody and they will tell you where Gainesville is located.

The past should be an injunction to not grow weary in well doing.

Yes, we have always maintained that Gainesville is one of the best towns in Florida.

"With malice toward none and charity for all" has always been the motto of the people of Gainesville.

What everybody says must be so. It seems that nearly everybody is of the opinion that Gainesville is all right.

The man who is ashamed to own that he lives in Gainesville—if there is such an one—is living on the charity of his friends.

And after all is said and done, we rise to remark that the Gainesville Graded and High School is one of the best in the State.

Yes, we claim to be all right morally, all right religiously, and if the past record is maintained we will be all right educationally.

No doubt some members of the State Senate now regret that they did not vote for the amendment eliminating East Florida Seminary from the operation of the Buckman bill.

Give us the old-fashioned heirship in preference to the Knabenshue kind that has been launched at Toledo. There is apparent not so much chance to receive an ignominious fall.

The placing of Gainesville on the through line of the A. C. L. between Jacksonville and St. Petersburg will be appreciated by winter visitors, as well as all others who come to this city.

With the Legislature in session and the baseball team in fourth place. Atlanta papers ought to have some big ads for the proprietary medicines that are calculated to relieve suffering humanity.

The Banner of Liberty, published at Jasper, is always up to date. It is published on Thursday of each week, and a copy of this week's paper came to the postoffice in this city addressed "University of Florida, care of E. F. S."

We doff our chapeau to the Rev. W. J. Carpenter and Mr. Robert McNamee of Tampa, also Mr. J. H. Jones of Orlando. You have done nobly and the people of Gainesville will ever strive to maintain your good opinion.

GAINESVILLE'S RESPONSIBILITY.

Gainesville has been selected as the site for the new University of Florida, and will continue to be, as she has been for fifty years, the educational center of the State. The glad news was received in this city by wire from Tallahassee and business was practically suspended throughout the day, so great was the joy and gratitude of the people. This culmination is a great surprise to those people in Florida who thought politics was to play an important part in the selection of the site, and they are enabled to see, now that their Governor, Napoleon B. Broward, has redeemed his oft-repeated promises of fair play and listened to the voice of the people, that Gainesville was almost unanimously the choice of the masses. With one or two exceptions every newspaper in the State that expressed itself on the question endorsed this city, the State Convention of Boards of County Commissioners, the State Good Roads Association, many county boards of education endorsed her, and thousands of letters and telegrams poured in upon the Governor and other members of the Board, from all parts of the State, urging them to put the University at Gainesville. The task of selection was thus rendered easy, for if Gainesville had not been selected they would have run counter to the expressed wishes of a great majority of the people they were chosen to serve.

Gainesville's responsibility in this matter is tremendous. She is now the chosen guardian and instructor of the sons of Florida. The people, with magnificent expressions of confidence, have chosen her to guard the morals of their sons, train their minds and equip them for the great life struggle which confronts us all. Her impress, the stamp of her character, and the controlling motives of her people, will be upon them all. None can escape it. Every citizen of Gainesville, no matter how humble, must share in this responsibility before the Great Father, who, in His wisdom, permitted us to assume it, for He is a factor in the development of the character of the community.

Does Gainesville realize how sacred is the trust reposed in her by the people of Florida, and will she be faithful to it? Let the past be witness that she does and will, and on behalf of the municipality of Gainesville we make this pledge to the people of Florida: That the welfare of the University entrusted to our keeping shall ever be our first concern; that we will guard most zealously the morals of their sons; that their local environment shall be as perfect as weak man can make it; that the social atmosphere they move in shall be clean and wholesome, and that no local condition shall ever be tolerated that would bring discredit upon the institution, or put obstacles in the way of its success.

The Russian government is anxious for peace with Japan, and if all signs do not fail she had better begin to make peace with her own army and navy. There is no denying the fact that the people are thoroughly aroused at Russia's rotten system of government, and if they succeed in gaining the slightest foothold an insurrection of no ordinary dimensions may be expected.

GAINESVILLE WINS.

The Board of Control has, according to the views of upwards of three-fourths of the population of the State of Florida, acted wisely in locating the State University in Gainesville. It has complied with their wishes, and The Sun pledges that honorable body that not a member will ever regret the action taken.

When the East Florida Seminary, the pride of every citizen of Gainesville, was abolished, the people felt the loss keenly, and it was decided that if there was such a thing possible, we would get the State University located in our city. There had to be a leader and he was found in Mayor W. R. Thomas, who took command and labored incessantly from the start until the close of the contest. Mr. Perry M. Colson has also labored with his usual zeal, and there are many others who did everything in their power to aid by fair means in securing the University for our city. There is not one reputable citizen of Gainesville but what did his best.

The contest was very warm at some stages, but the press of the State, as well as the people, came to the aid of Gainesville, and her past record did much to win the day. The example of her people in the past, her attitude toward the dear old East Florida Seminary and educational matters in general, had won the admiration of the good people of the State, and wherever local conditions did not make them feel it their duty to be otherwise, they were for Gainesville.

Now, that the matter has been decided, it should be the duty of every citizen to do all in his power to advance the interests of the new school in every way, and show that the past record can be maintained by the entire citizenship of one of the best towns in the State of Florida.

With our excellent public school and the University of the great State of Florida located in our midst, there will be united action on the part of every citizen to make them better each year, until we shall stand before the people of this land of ours as the Athens of Florida.

The Florida University will have an opportunity to expand on the broad acres generously bestowed by the city of Gainesville. It will be under the fostering care of a people that take pride in being law-abiding; a people who never pull in opposite directions to build up public institutions. There is no discord here in any of the public enterprises, and when the years roll by and our University stands among the leading institutions for higher education, the people of the entire State will bless the day that the Honorable Board of Control voted to place it in our midst.

Potato planters are cautioned to go slow next season in planting, as the low prices received this year have lead many to believe that the crop is not always a sure one for fair prices. One of the main troubles with the market this year was the large supply of old potatoes stored in the North last spring. In some towns in Michigan they were delivered f. o. b. at ten cents a bushel, and there are many people who prefer the old ones instead of new, which are often put on the market before they are sufficiently ripened to be considered healthy.

The reason Admiral Kruger did not attack the mutineers was that he wasn't sure but he might accidentally hit the Kniaz Potemkine.

Gainesville will have an opportunity to show that she is still an educational center.

FIVE KILLED AND SEVERAL INJURED

Is the Result of a Pennsylvania Mine Explosion.

CAUSE OF ACCIDENT UNKNOWN

Mine Inspector is Unable to State Whether It Was Due to Mine Gas or Not—Men Were Working About 20 Feet Below Surface.

Uniontown, Pa., July 7.—As a result of an explosion today and the shaft of the Taylor Coal and Coke company at Searight, Pa., 6 mile west of here, five men were killed and four injuredd, one fatally.

Two of the dead were negroes and the other three were foreigners.

The men were working about 20 feet below the surface when the explosion occurred.

Mine Inspector Roby is unable to state whether it was due to mine gas or the small tank of gasolene which was located at the head of the shaft where the men were at work.

Other reports are to the effect that the accident was caused by a premature discharge of dynamite.

Fatal Mine Explosion.

Bluefield, W. Va., July 7.—By an explosion in ahe Tidewater mine at Vivian, 20 miles west of this city, nine miners, all of whom were Italians, were injured and two of them died later in the hospital, while three more are in a precarious condition, with slight chances of recovery. All of the men were burned badly. The dead are Lee Mozzlile, Antonio Bupitomio. The Tidewater mine is located about 20 miles from Vivian, W. Va., about 30 miles from Bluefield, and is owned and operated by the Tidewater Coal and Coke company.

NEGRO MAN KILLED BY SONS.

He Was In Posse that Was Hunting Them for Crime.

Tunica, Miss., July 7.—Mark and Robert Harris, the DeSoao county negroes who killed Bob Maston near Tunica, June 21, and who have since eluded capture at home near Walls shot and killed their own father and dangerously wounded Aubrey Gardiner, of Tunica, a young man who was in a posse that had gone to arrest the Harris negroes.

The negroes were concealed in a corn field, and as Sheriff Owens, of Tunica county, and posse passed down the road, having in their keeping the father of the Harris negroes and their younger brother, whom they had arrested as accomplices in the Maston murder, they stepped to the edge of the field and opened fire on the buggy, in which were Aubrey Gardner and their aged father. One shot dispatched the old man and the other hit Gardner in the abdomen, wounding him so seriously that his life is despaired of.

Sheriff Owens and his posse returned the fire and then rushed into the field after the men. The negroes, however, escaped. Several posses are now searching for them, and it is believed that they will soon be overtaken. Gardner has been brought to Memphis and placed in a hospital.

VARDAMAN HITS ROOSEVELT.

Grows Satirical Over Negro's Appointment to Postoffice Clerkship.

Jackson, Miss., July 7.—Governor Vardaman has issued a statement, based on a telegram from Greenwood that a negro had stood the civil service examination for a clerkship in the Greenwood postoffice and had insisted upon being named as clerk during the absence of one of the regular clerks. The governor says:

"I am in hope that the negro's respect for public opinion will cause him to resign or decline the place. I sincerely hope that the white people of Greenwood will have too much respect for themselves to permit him to hold it. My observation and close study of the race problem, the negro side of it in particular, convince me that when you give the negro an inch he will go another or some other extreme beyond the limit of prudence. This little incident reminds me again of President Roosevelt's profound interest, infinite affection and great consideration for the general welfare of the white people of the south. Such conduct is calculated to inspire all decent white people of the south with great love for him."

PARISIANS CHEER AMERICANS.

United States Soldiers and Marines Heartily Welcomed.

Paris, July 7.—The unusual sight of an detachment of United States sailors and marines swinging around the central thoroughfares of Paris today aroused great enthusiasm and brought out an enthusiastic welcome from the crowds along the line of march.

The American naval contingent numbering 500 men, with 25 officers, left Cherbourg in the two special trains at 3 o'clock this morning arrived at the Invalides road station at 11:40 a. m. Bakers' Marks

There is a story of an old lady who made up a batch of mince and apple pies.

Wishing to be able to distinguish one kind from the other she marked the mince pies **T M** for "tis mince" and the apple pies **T M** for "taint mince."

The baker's marks on the ordinary run of bakery products are of little more value for purposes of identification than the marks on the old lady's pies.

But HERE is a trade mark that really identifies—that enables you to distinguish the world's best baking—the Biscuit, Crackers, and Wafers made by the NATIONAL BISCUIT COMPANY. This trade mark appearing in red and white on each end of a package guarantees the contents to be of highest quality—pure, clean and fresh. To learn something of what this trade mark means try a package of either of the products mentioned below.

ANOTHER FIRE IN NASHVILLE.

Third Big Conflagration in Ten Days. One Fireman Fatally Hurt.

Nashville, Tenn., July 7.—For the third time during the past ten days this city has been visited by a serious fire.

This morning at 2 o'clock the wholesale grocery house of Phillips, Webb & Co. was completely gutted. It was one of the largest houses of the kind in the city and carried a very large stock. The adjourning buildings occupied by H. G. Lipscomb & Co. and the Cheek & Neal coffee company were damaged by water. It is not known how the fire originated but incendiarism is strongly suspected.

George Rogers, a substitute fireman, fell four stories through an elevator shaft and was so badly injured that he will die.

The loss on the stock of Phillips, Webb & Co. is $135,000, and is fully covered by insurance.

The loss on the houses of Lipscomb & Co. and the Cheek & Neal coffee company, which is not large, is covered by insurance.

FIVE KILLED AND SEVERAL INJURED

Is the Result of a Pennsylvania Mine Explosion.

CAUSE OF ACCIDENT UNKNOWN

Mine Inspector is Unable to State Whether It Was Due to Mine Gas or Not—Men Were Working About 20 Feet Below Surface.

Uniontown, Pa., July 7.—As a result of an explosion today and the shaft of the Taylor Coal and Coke company at Searight, Pa., 6 mile west of here, five men were killed and four injured, one fatally.

Two of the dead were negroes and the other three were foreigners.

The men were working about 20 feet below the surface when the explosion occurred.

Mine Inspector Roby is unable to state whether it was due to mine gas or the small tank of gasolene which was located at the head of the shaft where the men were at work.

Other reports are to the effect that the accident was caused by a premature discharge of dynamite.

Fatal Mine Explosion.

Bluefield, W. Va., July 7.—By an explosion in ahe Tidewater mine at Vivian, 20 miles west of this city, nine miners, all of whom were Italians, were injured and two of them died later in the hospital, while three more are in a precarious condition, with slight chances of recovery. All of the men were burned badly. The dead are Lee Mozzille, Antonio Bupitomio. The Tidewater mine is located about 20 miles from Vivian, W. Va., about 30 miles from Bluefield, and is owned and operated by the Tidewater Coal and Coke company.

NEGRO MAN KILLED BY SONS.

He Was In Posse that Was Hunting Them for Crime.

Tunica, Miss., July 7.—Mark and Robert Harris, the DeSoao county negroes who killed Bob Maston near Tunica, June 21, and who have since eluded capture at home near Walls shot and killed their own father and dangerously wounded Aubrey Gardner, of Tunica, a young man who was in a posse that had gone to arrest the Harris negroes.

The negroes were concealed in a corn field, and as Sheriff Owens, of Tunica county, and posse passed down the road, having in their keeping the father of the Harris negroes and their younger brother, whom they had arrested as accomplices in the Maston murder, they stepped to the edge of the field and opened fire on the buggy, in which were Aubrey Gardner and their aged father. One shot dispatched the old man and the other hit Gardner in the abdomen, wounding him so seriously that his life is despaired of.

Sheriff Owens and his posse returned the fire and then rushed into the field after the men. The negroes, however, escaped. Several posses are now searching for them, and it is believed that they will soon be overtaken. Gardner has been brought to Memphis and placed in a hospital.

VARDAMAN HITS ROOSEVELT.

Grows Satirical Over Negro's Appointment to Postoffice Clerkship.

Jackson, Miss., July 7.—Governor Vardaman has issued a statement, based on a telegram from Greenwood that a negro had stood the civil service examination for a clerkship in the Greenwood postoffice and had insisted upon being named as clerk during the absence of one of the regular clerks. The governor says:

"I am in hope that the negro's respect for public opinion will cause him to resign or decline the place. I sincerely hope that the white people of Greenwood will have too much respect for themselves to permit him to hold it. My observation and close study of the race problem, the negro side of it in particular, convince me that when you give the negro an inch he will go another or some other extreme beyond the limit of prudence. This little incident reminds the people of President Roosevelt's profound interest, infinite affection and [illegible] consideration for the general welfare of the white people of the south. His conduct is calculated to inspire every decent white people of the south with great love for him."

Forced to Starve.

B. F. Leek of Concord, Ky., says: "For 30 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve, of Life Saver Fame."

Bakers' Marks
There is a story of an old lady who made up a batch of mince and apple pies.
Wishing to be able to distinguish one kind from the other she marked the mince pies T M for "tis mince" and the apple pies T M for "taint mince."
The baker's marks on the ordinary run of bakery products are of little more value for purposes of identification than the marks on the old lady's pies.
But HERE is a trade mark that really identifies—
that enables you to distinguish the world's best baking—the Biscuit, Crackers, and Wafers made by the NATIONAL BISCUIT COMPANY. This trade mark appearing in red and white on each end of a package guarantees the contents to be of highest quality—pure, clean and fresh. To learn something of what this trade mark means try a package of either of the products mentioned below.
INTER SEAL
Lemon Snaps
An appetizing nibble with the flavor of the refreshing lemon. A revelation in modern baking.
Butter Thin Biscuit
Unique little biscuit, in much favor with those who want "something different."
Graham Crackers
Possessing the rich, nutty flavor of graham flour—unlike any graham crackers you ever tasted.

ANOTHER FIRE IN NASHVILLE.

Third Big Conflagration in Ten Days. One Fireman Fatally Hurt.

Nashville, Tenn. July 7.—For the third time during the past ten days this city has been visited by a serious fire.

This morning at 2 o'clock the wholesale grocery house of Phillips, Webb & Co. was completely gutted. It was one of the largest houses of the kind in the city and carried a very large stock. The adjourning buildings occupied by H. G. Lipscomb & Co. and the Cheek & Neel coffee company were damaged by water. It is not known how the fire originated but incendiarism is strongly suspected.

George Rogers, a substitute fireman, fell four stories through an elevator shaft and was so badly injured that he will die.

The loss on the stock of Phillips, Webb & Co. is $135,000, and is fully covered by insurance.

The loss on the houses of Lipscomb & Co. and the Cheek & Neal coffee company, which is not large, is covered by insurance.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: I have suffered several years from kidney and bladder trouble and have tried a number of preparations, but can truthfully say that nothing has proved so effective as your Texas Wonder, which I can truthfully recommend. GEO. W. CLAIBORNE.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. He is well pleased with that section, which he declares to be the most prosperous he has seen for some time. The people of Jackson county are progressive, and expect soon to begin the erection of an $85,000 court house at Marianna, the county seat, which will be the finest building of the kind in West Florida. While here Mr Herrin had his name enrolled on The Sun subsbription list.
